- Test Proctoring

2016 - Oh What a Year!

We had a very productive 2016 and looking forward to a great 2017!

We had a successful launch of our new automated system JASI (Joint-Automation-System- Integration) On April 25th, 2016 we started to re-register all patrons with a new library card which gave them access to the Bonfield Library online catalogue. We simultaneously registered patrons who wished to access the self serve Interlibrary Loan system. To celebrate the launch the Friends of the Bonfield Public Library sponsored the purchase of a Samsung Galaxy Tablet that was drawn at 12:00pm (noon) at the Friends Annual Book Sale June 4th, 2016. Congratulations to Dorothy MacPherson winner of the

Tablet.

On June 14th, 2016 a long time library supporter, Greg Boxwell passed away leaving this community a legacy of his "Library Board Member Footprint" by introducing and implementing numerous projects within his 17th years with the Board. Greg was most passionate about technology. He introduced us to the most up to date, current, innovated technology equipment and software relevant to the time. A sign-age was put in place at the library to memorialize Greg's hard work and dedication.

Little Free Library was introduced to our community August 24, 2016 to foster the love of literature. The Little Free Library has moved from Trick or Treats to Mike's Garage in Rutherglen.

Summer 2016 Programming

The Summer Reading program was a success. Over 30 children participated in the program. Congratulations to Saoirse Aoiff Grand Prize winner of a BB-8 Star Wars Remote Control Droid generously donated by the Friends of the Library.

Students from Cambrian College, Sudbury returned this summer with exciting science experiments giving thrills and chills to children while having fun.

Reptilia was in town July 21, 2016. What a great show! Thank you to our Friends of the Library and the Golden

The Library offered a variety of workshops throughout the year: Soap making, Cheese making, Library 101, soil renewal and technology zoo. We look forward to offer new and innovative workshops in the new year.

Story Time will temporarily be Closed January 3rd, 2017 until March 7th, 2017

One-To-One Technology Help will be Discontinued as of February 22nd, 2017. We wish to recognize the Ontario Trillium Foundation for their contribution in providing this Technology help service to our community.

A new book club was started by the Friends of the library member Gail Snook . If interested in joining contact the library.

The Policies and Procedures have been reviewed and revised and will be soon available on our webpage.

Age Club. Ninety two people enjoyed the assorted scaly and fantastic creatures.

Library Family Picnic was hosted on July 30th, 2016 with 24 children and their families who enjoyed a variety of outdoor games. Thank you Holly for organizing this great event.
